

Hamiltons Tented Camp is aware of our guests' requirement to stick to their exercise regimes whilst travelling. We have therefore curated a fun “Gym Bag” for in-room use at our lodge.

The handsome khaki knapsack style hold-all contains a yoga mat, weights, stretch bands and a skipping rope. Enjoy your workout whilst watching the wildlife from your private deck or in the comfort of your suite.

Providing the experiences our travellers are looking for is an ongoing challenge Hamiltons is happy to take on. Healthy living and outdoor safaris go hand in hand. Travellers embrace the convenience of not having to leave their rooms to exercise and this little touch just adds to the trip.
